Joshua Houghton

Full-Stack Developer

SUMMARY

A highly motivated full-stack developer with a passion for designing websites and apps that provide an exceptional user experience. Confident in using front-end libraries and frameworks such as React and Next.js, with experience utilizing back-end technologies and eagerness to acquire new skills. Driven and self-regulated with two years of experience in digital marketing. An enthusiastic collaborator with the ability to understand team needs and develop ideas to meet their objectives.

TECH STACK

Html5

CSS3 (BEM)

JavaScript ES6+

React + Redux/Toolkit

Typescript

Next.js

Node.js + Express.js

MongoDB

PostgreSQL

Tailwind.css

NPM / Webpack

EDUCATION

Lighthouse Labs, Toronto, ON
Web Development Diploma
October 2021 - January 2022

PROJECTS

E-Commerce Website - Vinyl Fresh [Github Deploy](#)

Dec 2021 - Apr 2022

A dynamic E-commerce app where users can browse and order vinyl records based on popular album covers.

React.js, Redux, Typescript, Firebase, CSS3, JavaScript

Airbnb Remake [Github Deploy](#)

Feb 2022 - Mar 2022

A design-focused project built to improve my CSS knowledge by using the framework Tailwind.css, as well as learn more about Next.js and server-side rendering.

React.js, Next.js, Tailwind.css, Firebase, CSS3

Movie Finder/Saver - Watchlist [Github Deploy](#)

Dec 2021 - Mar 2022

A movie searching app, allowing users to find and save movies and tv shows to their watchlist, as well as rate them and check them off their list.

React.js, Node.js, Express.js, MongoDB, CSS3, JavaScript

LinkedIn Remake [Github Deploy](#)

Mar 2022 - Apr 2022

A LinkedIn remake built to improve my knowledge about Redux and Typescript. Users can create an account, make posts, and view posts other users make in real-time.

React.js, Redux, Typescript, Firebase, CSS3

EXPERIENCE

Freelance Digital Marketing, Remote

Apr 2020 - Mar 2022

Created and managed Facebook Ads and email marketing campaigns for Small-Mid Sized E-Commerce businesses.

Communicated/consulted with business owners about the best plan of action for their growth.

Researched customer psychology and the best ways to target customer desires/pain points for conversion.

Created attractive website layouts with website builders like Elementor and Shogun (before Bootcamp).
